Teacher:	Ed Rush	Date:	12-02-2026
CEFR Level:	B1	Duration:	45 Minutes
Lesson Shape:	G (Task-Based Learning)	Assessment:	N/A
Main Focus:	Vocabulary (Noun/Verb Formation)	Materials:	Oxford Discover Futures 3 Workbook p6

Main Aim: By the end of the lesson, learners will be better able to use vocabulary related to peer pressure and correctly form nouns from verbs in the context of personal identity and social groups.

Differentiated Input

Pedagogical Rationale: Differentiated Input & Learner Autonomy

Support is provided through peer-collaboration during the initial gap-fill task. The noun/verb formation rules are abstracted directly from the texts learners have just completed, allowing them to deduce patterns rather than memorizing isolated rules. Fast finishers can create their own sentences using both the noun and verb forms of the target words.
