Date: 17-03-2026 **Week No:** 1 **Classes:** Grade 7 **Course Level:** A2+ / B1

Lesson Topic: Mumu: The Final Chapter		
Lesson Aim: By the end of the lesson, learners will have analyzed the conclusion of 'Mumu', compared it to their own predictions, and delivered a 45-second oral presentation summarizing their emotional and critical response to the story.		
Lesson Shape: G (Task-Based Learning)	SB: Handout (Mumu Part 2)	WB: N/A
LESSON STAGES		
Aim	Procedure	Interaction
To review peer work and activate memory of previous predictions.	- Students display their “Imagined Endings” from Lesson 1 on their desks. Gallery Walk: Ss move around, reading at least 3 peers’ endings. Discussion: “Which ending was the most surprising? Which was the happiest?”	Ss-Ss
To identify the real conclusion of the narrative through group reading.	Part A: Class circle. T hands out “Part 2” text. Part B: “Read Around.” T and Ss read the final paragraphs of Mumu aloud. Part C: Silent reflection. Students underline the moment Gerasim makes his choice.	T-Ss
To prepare for a fluency-focused presentation.	Ss prepare a short presentation based on three prompts: - Summary of the real ending. - Personal opinion (Did you like it? Why/Why not?) - Which classmate had the best “imagined” ending? - T monitors, providing elective vocabulary support (e.g., heartbreaking, courageous, inevitable).	S
To practice summary and critical speaking skills.	- Students give their 45-second presentations in small groups (or to the whole class if time permits). - T uses a timer to keep pace. Peer Feedback: Listening students must note down one reason why their friend liked the ending.	Ss-Ss / T-Ss
To synthesize the lesson themes.	Whole class discussion: “Why did Gerasim go back to the village?” / “Was the Lady truly the villain?”	T-Ss
